

Mezzolara 26/05/2020

PRODUCT'S INFORMATION

The Product is sold for indoor use and indoor storage, after use. The product can be connected to household cleaning tools (i.e. brooms, wet/dry mops, dustpans, dusters...) and a limited assortment of DIY tools (i.e. paint rollers, paint brushes, window cleaners, dusters...), only through the designed locking system.

The Product must be used without any modification or alteration from the conditions in which Oskar provided it.

IN CASE OF USE THE PRODUCT:

- different from the above;
- after the removal of any plastic component (even if afterward reassembled), rubber component, painting/plastic cover;
- after the breakage of any plastic component;
- after any damage of the steel tube (holes, indentation, bend...)
- To keep using the Product, after having reassembled the loosing parts

WE CANNOT GUARANTEE THE SAFETY OF THE PRODUCT.

In case of any misuse of the Product, we warn of the high risk of injuries for the consumer: the Product could be damaged with sharp metal edges and burrs.

Example of misuse:

- outdoor
- to support objects
- to move other objects like a lever
- to beat/clean a carpet or similar
- Any use not intended by the seller
